

EFFECTIVE GROUP LEADERSHIP

This course develops the knowledge, skills and the personal qualities participants need for effective group leadership and the facilitation of therapeutic and educational groups.

What to expect from the training:

- Develop a systematic approach to group work planning and program development
- Understand group processes and dynamics
- Implement appropriate adult learning principles, communication skills and group techniques for conducting a group
- Increase their use of observation and group analysis skills
- Implement a range of intervention strategies to deal with a variety of group work situations

Who is the training for?

- Community, welfare, health and family workers who are interested in formalising their skills in group work.

Accreditation

Participants who successfully complete the course, receive a nationally accredited Statement of Attainment.

Units of Competency assessed in this course are:

- CHCGROUP403D Plan and conduct group activities
 CHCGROUP504B Assess group members and their social systems
 TAADEL401B Plan and organise group based delivery
 TAADEL402B Facilitate group based learning
 From Cert IV Relationship Education CHC42307
